

INDEX

A

- Abdominal crises, the diagnosis of acute, Burgess, A. H., (Abst.), 510
hysterotomy under morphine, scopolamine and local anesthesia, Irving, F. C., 688
- Abdominosacral, combined, technic for the radical operation of carcinoma of the vagina, Phillipowicz, (Abst.), 759
- Abortion (Abstracts), 242
and its treatment, Engelmann, F., (Abst.), 247
and remarks concerning criminal abortion in general, the treatment of, Offermann, (Abst.), 247
artificial, in respect to social and eugenic considerations and to rape, Wiegels, W., (Abst.), 244
cases of, Van Dongen, (Abst.), 248
differential diagnosis between, pregnancy and disease, Marx, (Abst.), 245
febrile, on the treatment of cases of, Zelnik, (Abst.), 250
indications for induction of, Bethin, (Abst.), 242
induction of, Phillips, (Abst.), 243
is hemorrhage in, an indication for immediate emptying of the uterus? Neu, (Abst.), 251
missed, Rongy and Arluck, (Abst.), 251
perforation of the uterus in the treatment of, Liepmann and Wels, (Abst.), 248
position of the medical practitioner called in to attend a case of procured, Campbell, J., (Abst.), 245
quinin as an oxytocic in the treatment of, Seggelke, (Abst.), 245
statistics on criminal, Horvat, A., (Abst.), 244
treatment of, Joseph, (Abst.), 246
treatment of, Kouwer, (Abst.), 246
treatment of infected, Schottmüller, (Abst.), 249
treatment of septic incomplete, Bernstorff, (Abst.), 249
- Abrams, S. F., The feeding of placental extract to mothers; its effect on breast-fed infants, 450
- Achard, H. P., Complete anuria in cervical cancer treated by ureteral catheterization, (Abst.), 759
- Adair, Fred L., Some observations on placental infarcts, 552, 623

- Adami, Fulminant menstrual peritonitis, 512
- Adams, John, The antenatal treatment of congenital syphilis with salvarsan and mercury, 384
- Adenocarcinoma of the body of the uterus in relation to longevity, Mahle, (Abst.), 262
- Adnexa, conservative operations upon the, clinical features and pathologic physiology of, Nürnberger, (Abst.), 511
rapidity of sedimentation of suspended red blood corpuscles as an aid in differential diagnosis in disease of the, Linzenmeier, (Abst.), 508
- Adnexal disease, in childhood and its significance in the differential diagnosis of appendicitis, Scheld, F., (Abst.), 511
noninflammatory, Dalche, (Abst.), 509
- Advancement of medicine, some fundamental elements in the, Sampson, John A., 1
- Aldridge, A. H., Insufflation of uterus and fallopian tubes, 53, 112
- American Association of Obstetricians, Gynecologists and Abdominal Surgeons, Transactions of Thirty-fifth Annual Meeting, 92
- American Child Health Association, 388
- American Gynecological Society, Transactions of Forty-eighth Annual Meeting, 487, 610, 743
- Anencephali, a method to facilitate delivery of, in vertex or face presentations, Gibson, Ann T., 119
- Anspach, B. M., The trend of modern obstetrics—what is the danger? How can it be changed? 566, 620
- Anuria, complete, in cervical cancer treated by ureteral catheterization, Achard, H. P., (Abst.), 759
- Arluck and Rongy, Missed abortion, (Abst.), 251
- Asphyxia, fetal, the prevention of, Bartholomew, R. A., 418

B

- Babcock, W. Wayne, Resuscitation in abdominal surgery, 179, 235
- Bagg, Halsey J., (With Bailey, Harold C.), The effect of radiation on fetal development, 129

- Bailey, H. C., Control of midwives, 293, 351
 (with Baggs, H. J.), The effect of radiation on fetal development, 129
 (with Healy, W. P.), Follow-up results of 908 cases of uterine cancer treated with radium, 402, 491
- Bartholomew, R. A., The prevention of fetal asphyxia, 418
- Benthin, W., Is it possible to improve the prognosis of obstetrical and gynecological peritonitis (Abst.), 512
 obstetrical and gynecological free peritonitis, (Abst.), 512
 the indications for induction of abortion, (Abst.), 242
- Bernard, L., The relation of pulmonary tuberculosis and pregnancy, (Abst.), 385
- Bernstorff, Abortion, the treatment of septic incomplete, (Abst.), 249
- Bigler, W., The origin and treatment of vaginal discharge, (Abst.), 506
- Birth control propaganda as it should interest the physician, the broader aspects of the, Kosmak, Geo. W., 276, 351
- Block, F. B., (with Mikelberg, H. M.), The nonoperative treatment of pelvic inflammatory disease, (Abst.), 513
- Blood pressure changes following delivery, Schwarz, O. H., 656
- Boas, H., and Gammeltoft, S. A., The treatment of syphilis during pregnancy with particular attention to the infants, (Abst.), 383
- Bogert, L. J., (with Plass, E. D.), The calcium and magnesium content of the blood serum during pregnancy, labor and the puerperium, 427
- Book reviews, 252, 254, 368
- Brechot, The treatment of uterine cancer, (Abst.), 760
- Breech presentations, a series of 59, treated by prophylactic external version, Ryder, G. H., 211

- Burns, Chronic endocervicitis and its treatment, (Abst.), 507
- C
 Campbell, J., The position of the medical practitioner called in to attend a case of procured abortion, (Abst.), 245
 Cancer treated by radium, follow-up results of 908 cases of uterine, Bailey, H., and Healey, W. P., 402, 491
 Carcinoma of Bartholin's gland, Falls, F. H., 673
 of the cervix uteri. A pathological study with particular reference to the relative malignancy of the neoplastic process as indicated by the predominant type of cancer cell. Martzloff, K. H., (Abst.), 755
 primary, of the fallopian tubes, Goodrich, (Abst.), 759
 Cary, Wm. H., The indications for and the value of tubal patency tests in the study of sterility, 723
 Cervical erosion following normal childbirth and results obtained with the Dickinson method of treatment, the incidence of, Kerwin, W., 185
 Cervix, body of uterus, and fallopian tubes, problems concerning infection of, Curtis, A. H., (Abst.), 507
 utility of digital dilatation of the, Harper, Paul T., 315, 364
 Cesarean section vs. high forceps delivery, mortality and morbidity of, based on 100 consecutive deliveries at the Woman's Hospital, Lyon, E. C., 101
 Cesareans, what I have learned from my one hundred and six, Warren, S. P., 338
 Childbirth, painless, by synergistic methods, Gwathmey, J. T., Donovan, E. P., O'Reagen, J., and Cowan, L. R., 456
 Chorioepithelioma malignum, Sunde, (Abst.), 262
 Collective Reviews:
 New books, Frank, Robert T., 368
 Some aspects of the metabolic disturbances occurring during the eclamptic state, Plass, E. D., 637
 Some forgotten nativities, Ela, Alfred, 501
 Views of primitive peoples concerning the care of cord and placenta, Wright, J., 132
 Coopman, A Case of uterine carcinoma of unusually long duration, (Abst.), 758
